

CALL FOR PARTICIPATION

Biology, Medicine & Complex Biological Systems

26-28 November 2012, CORIA - Rouen

This meeting will be organized in Rouen (CORIA) by the GdR "*Dynamics and control of Complex Systems*" at in association with the GdR "STIC-Santé" which will be held from November 26 to 28th, 2012. The principal aim of the meeting is to stimulate interactions between biologists, physicians, physicists and mathematicians, and the two above-mentioned GdR.

Invited Speakers

Simona Cocco (LPS, ENS Paris)

Maurice Courbage (LMSC, Université Paris-Diderot)

Jacques Demongeot (AGIM, Université de Grenoble)

Jean-Pierre François (LJLL, Université Pierre & Marie Curie)

Vincent Hakim (LPS, ENS Paris)

Alfredo Hernandez (LTSI, Université de Rennes)

Christophe Letellier (CORIA, Université de Rouen)

Alain Pumir (ENS Lyon)

S. Randall Thomas (IBISC, Université d'Evry-Val d'Essonne)

Franck Varenne (GEMASS, Université de Rouen)

Abstract submission : You are welcome to apply for a contributed talk (15 min + 5 min for questions) or a poster (Paper poster + 3 min for a short oral presentation). **The abstract should present a research topic (e.g., modeling, or signal and image processing) in biology or medicine in which the concepts of nonlinear dynamics are – or might be – used.**

Format of your abstract : The abstract can be written in French or English (one page maximum). The talk or the poster could be presented in French or in English.

Deadline for abstract submission : **November 10, 2012**

Submit your abstract to **Sabir Jacquir** and **Christophe Letellier**

Registration : Send by email the registration form to

sabir.jacquir@u-bourgogne.fr

Christophe.Letellier@coria.fr
